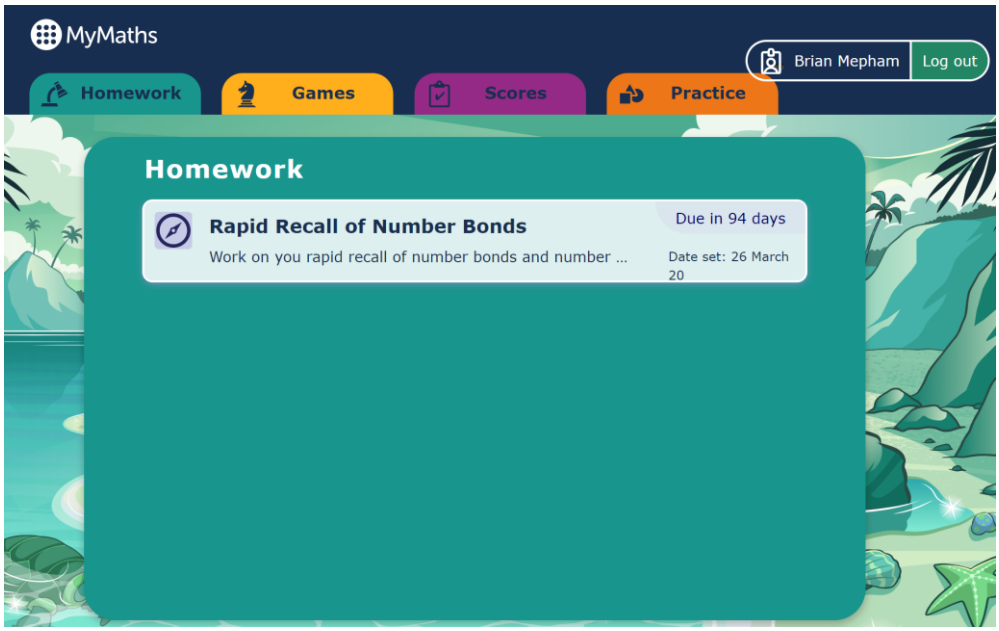
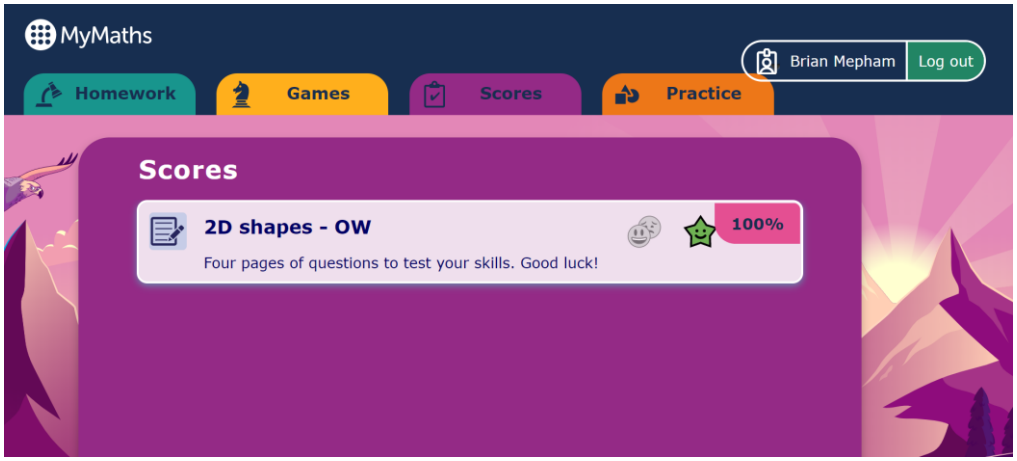
Dear Parents,
As you are aware we are refining our home learning week by week. To help your child and you access the teachers comments on My Maths, we thought the below would be of help.

1. When your child accesses the MyMaths activities, then should see the below. This is what you child will see on the screen. There are 4 tabs. Homework set is viewed automatically.

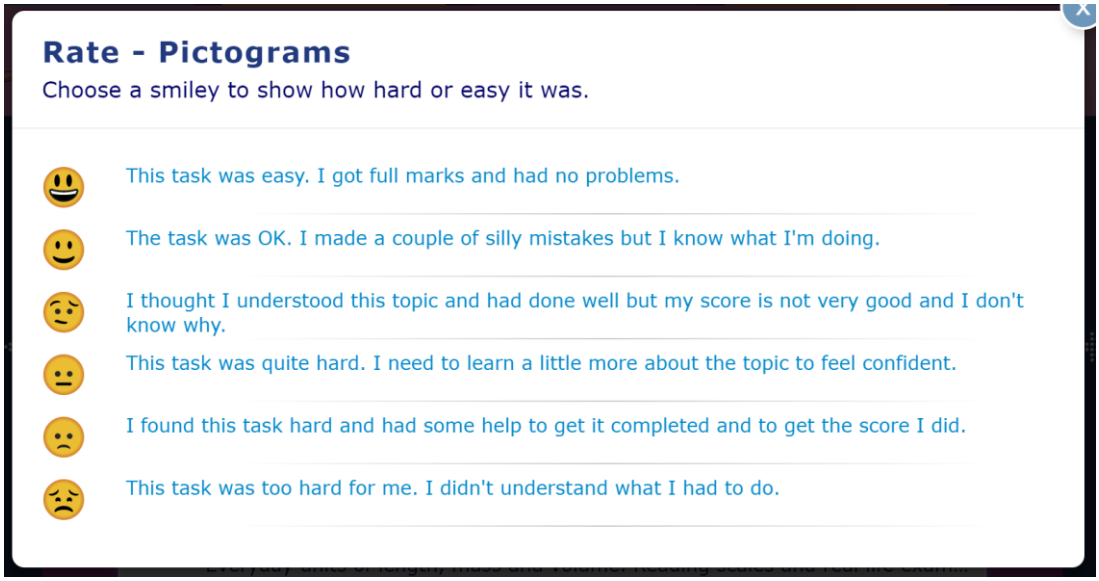


2. In order to see the completed work click on **scores tab**. This will show all the tasks that have been completed.



3. Once you click on a task completed you will see this screen. You will be able to see the teacher comment at the bottom. (Fabulous! Great 2D work)

4. If your child, then clicks on the RATE button on the above screen they can self-assess how they found doing the activity. This is what it looks like.



We hope this helps. Do let us know if you have any questions.
