

Geography Overview Years 1 – 6

Term	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
<u>Year 1</u>	Family Footsteps: Where are our heritage countries? Global maps, Continents and Oceans		Mountains, Rivers and Coasts Weather and Seasons Fieldwork: How have the shops and amenities changed over time?		UK's four countries and their capital cities. Recap continents and oceans Fieldwork: Does Bounds Green Playground need more shaded areas?	
<u>Year 2</u>	Locate and identify characteristics of the four countries and capital cities of the United Kingdom and its surrounding seas		Environments and Sustainability: Is our local environment 'green friendly'? Features of our local area. Fieldwork. Compass points Villages, Towns and Cities		Compare Trinidad and London Through 'Coming to England' Revisit *UK's four countries and their capital cities. * 7 continents. * Hot and Cold	
<u>Year 3</u>	Mountains Snowdonia and the Andes	Rivers. Rivers Depth focus: The River Indus and Depth focus: River Severn: Fieldwork Focus: New River in Bowes Park / Thames Barrier	Settlements & cities Settlement types, hamlet, village, town, city etc; land use, settlements by rivers.	Agriculture Arable farming, pastoral farming, mixed farming, how farming changes the landscape.	Volcanoes Structure and composition of the earth How and why volcanoes erupt Types of volcanoes	Climate and biomes (situated, through its examples, in Europe, so that European theme is launched simultaneously)
<u>Year 4</u>	Agriculture Arable farming, pastoral farming, mixed farming, how farming changes the landscape. How the food we eat affects farming	Volcanoes Structure and composition of the earth How and why volcanoes erupt.	Climate and biomes (situated, through its examples, in Europe, so that European theme is launched simultaneously)	Map and Fieldwork.	Coastal processes and landforms Processes of erosion, transportation & deposition	Earthquakes. Causes of earthquakes: tectonic plates and fault lines
<u>Year 5</u>	Agriculture Arable farming, pastoral farming, mixed farming, how farming changes the landscape. How the food we eat affects farming	Climate and biomes (situated, through its examples, in Europe, so that European theme is launched simultaneously)	Coastal processes and landforms Processes of erosion, transportation & deposition	UK: cities, towns and counties. Comparison with Anglo-Saxons.	Map and fieldwork	Earthquakes. Causes of earthquakes: tectonic plates and fault lines
<u>Year 6</u>	<u>Global issues in the news</u>					
	Why is California so Thirsty?	North and South America	Our Migration story – different groups who have moved into UK and especially London especially in the 20 th century –	Focus on South America	Regional comparison of a region of South America in the rainforest Manaus, Spain (Andalusia) and the UK.	How do we save the planet? INDEPENDENT RESEARCH Project UK.
