Fantastic news! The London Football Academy and London Academy of Sport are delighted to announce details of new after school clubs taking place at Bounds Green School this term.

Watching the very youngest players play the game at grassroots level seems a world away from the game played by the senior players in the elite game.

However, our vision of developing technically excellent and creative players starts with one of our after school clubs - the best introduction to the world's greatest games!

Here at The Academy we create fun coaching environments that encourage your child to develop their technique, skill, creativity and game understanding.

After school clubs are also a great place to make new friends.

To enjoy the game, children need coaches who are brave enough to encourage expression without a fear of failure, and who also have knowledge of the variety of coaching methods that can be adopted to help your child learn the game.

Here at The Academy we do. We know how.
