Innovative New Streaming Platform

Amazing new digital content, on demand!

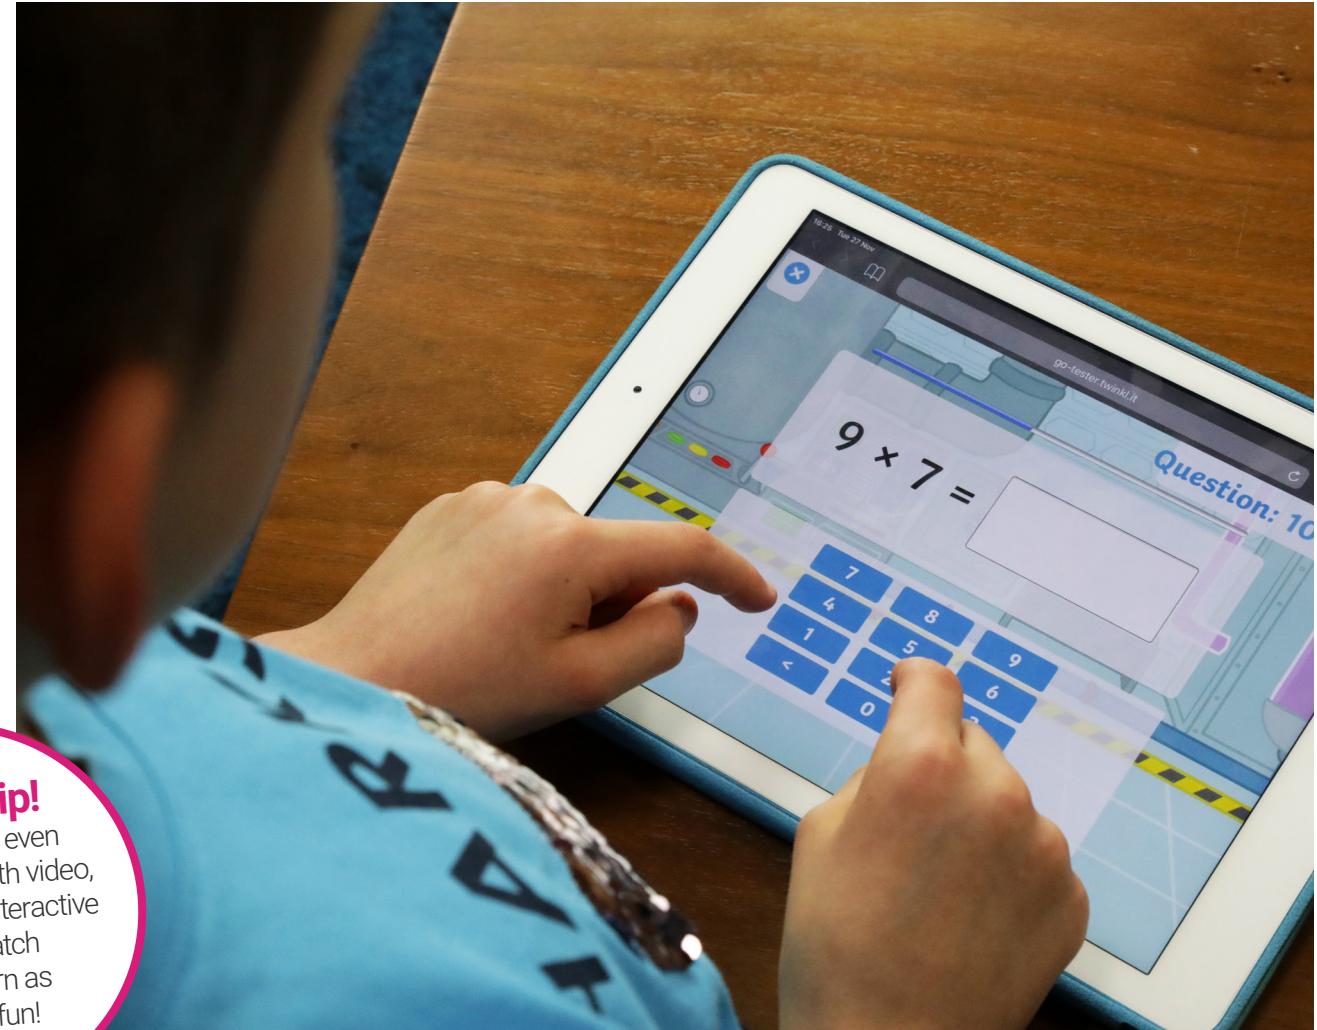

Twinkl Go! is an-all new digital platform, hosting interactive content such as videos, games, audiobooks and more. Most exciting of all, Twinkl Go! enables digital content to be streamed to your computer or mobile device, rather than downloaded like our usual resources.

Resources can still be accessed with a single click but instead of waiting for the content to download, it will now stream direct to your device – meaning you can instantly watch a video, listen to audio or play a video game.

Already, hundreds of amazing Twinkl Go! resources are available to stream and more are being created each day. So, if you have access to the internet, you can Go!

Twinkl Tip!

Make lessons even more exciting with video, animation and interactive games. Watch children learn as they have fun!

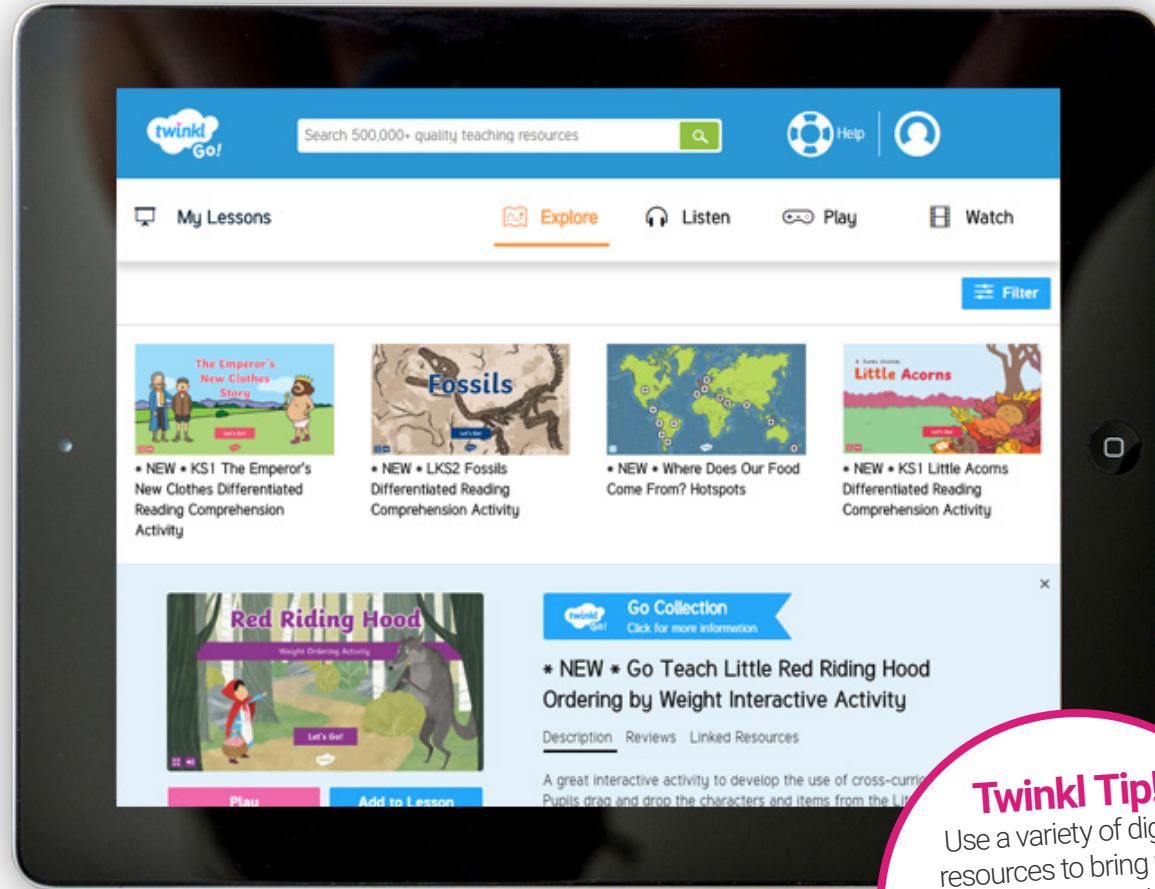

Twinkl Go! Resources

Bring variety, technology and interactivity to your classroom.

Twinkl Go! gives you the perfect tool to bring innovative technology into the classroom, providing an ever-growing range of interactive video games, videos, animations, audio books and lots more.

- Every Twinkl Go! resource is a 100% paperless product and fully aligned to current learning expectations.
- Designed by experienced teachers and filled with trustworthy content.
- Developed to be used with a computer, tablet or mobile device - all you have to do is launch the resource and 'go'!

New resources are created and added each day, providing an engaging and motivating library of interactive content that really helps you bring a new dimension to learning.

Twinkl Tip!

Use a variety of digital resources to bring fast-paced excitement to teaching and learning – watch the children engage and succeed!

Intuitive Collections

Digital resources to stimulate the mind of every child.

To help make Twinkl Go! resources easy to find and simple to use, you'll find them grouped into the following collections.

Teach

Play

Explore

Watch

Listen

Twinkl Tip!

All Twinkl Go! resources are supported by a range of suggested materials resources from the main Twinkl collection - build entire lessons based around these and any Go! resource.

Teach

Not sure what to do with a Twinkl resource? These handy Go! Teach lesson suggestions will help you to build a lesson around one of our major Go! resources.

- Provides handy lesson suggestions for whole class, groups and at home.
- Includes links to Go! supporting resources that back up the lesson suggestions.
- Plus, additional links to paper-based Twinkl resources for further support.

The screenshot shows a digital interface for a teaching session. At the top, there are four tabs: 'Whole Class', 'In Groups', 'At Home', and 'Out of the Box'. Below these tabs, there is a section titled 'Using the Animation Story in a Whole Class Session'. This section contains text and a small image of a character. To the right of this text, there is a vertical sidebar with several icons representing different resources: 'Little Red Riding Hood Animation Story', 'Little Red Riding Hood Story Role Play Masks', 'Little Red Riding Hood Word Mat', and 'Little Red Riding Hood Story'. At the bottom of the screen, the text 'Little Red Riding Hood Lesson Ideas' is displayed.

Explore

Here's where you'll find content-rich digital resources, all packed with clickable hotspots that reveal hidden facts, figures and more.

- Discover interactive posters, self-marking activity sheets and self-marking comprehensions.
- Plus, teams of experienced teachers constantly develop new resource types and regularly add these to the Twinkl Go! site.

Parts of a Flower Hotspots

Listen

Choose from a fantastic range of exciting audio books, plus audio guidance for teachers.

- New resources are added constantly.
- Provide a rich and varied collection of engaging materials.
- All designed to hook your pupils and ignite their enthusiasm for learning.

Pirate Ships Sound Story: Chapter 1 Audio Book

Play

Children love interactive video games and these really are becoming a powerful tool for teaching and learning. To enhance your lessons, take a look at the many inspiring options available:

- Twinkl Go! puts an incredible collection of exclusive games at your fingertips.
- Provides innovative and exciting ways for students to learn and practise skills.
- All games are differentiated and can be played many times over – encouraging pupils to constantly engage and learn.

Jungle Maths: Number Bonds up to 10 Game

Watch

Few resources capture a child's attention quite like a video or animation and here's where you can explore our exclusive range. Covering an ever-expanding raft of subjects and ages, these are perfect for inspired learning, pre-learning...and also fun!

The Girl Who Went to Space Animation

Go! Anywhere

Inspire your children, in the classroom and at home.

The amazing thing about Twinkl Go! Is that it quite literally goes wherever you and your students do. As long as you've got an internet connection and a device to connect, you're up and running! No other software is needed.

- All Twinkl Go! resources work on smartphones, iPads and tablets.
- Plus interactive whiteboards (IWBs), touchscreens and on Apple and Windows computers.
- Entirely configured to work hand in hand with you and your pupils - if you can 'Google', you can Twinkl Go!

Twinkl Tip!

Children love working and learning outside the classroom (teachers too!) So take your mobile device and Twinkl Go! wherever inspiration strikes. If you can connect, you can teach and learn!

Student Access

Freedom to take learning beyond the classroom.

Incredibly, Twinkl Go! now lets your pupils interact directly with our range of amazing digital resources, all without a user account – a simple PIN code is all that's needed.

This empowers you to securely share Go! resources with your class to use in groups, independently, on the Go! and even at home.

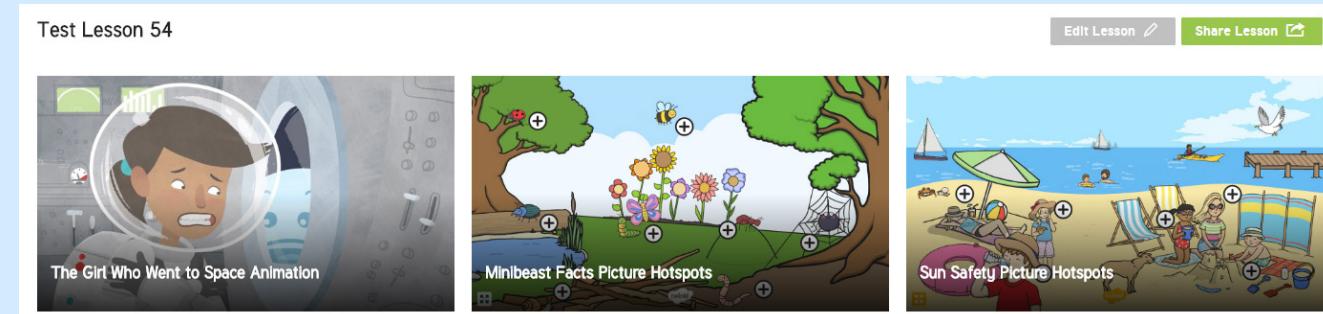

Imagine the opportunities!

- Set a Go! resource for pre-learning for a group of students before a lesson?
- Use a 'video explainer' as a support resource for those children who need a quick reminder of key points.
- Even set an audio book or video reading of a Twinkl Originals story for home learning; let the whole family enjoy this
- Plus, provide our 'how to' video series as support materials in parent workshops. The possibilities are endless!

Lesson Creation

Best of all, you use the innovative My Lessons tool to combine Twinkl Go!'s amazing digital resources with Twinkl's supporting resources, to create incredible and inspiring 'lessons'.

You can organise these by theme, subject, group, class or individual, then share them directly with your pupils.

Sharing these is easy! Secure PIN codes are generated whenever you create a lesson and once pupils have this code, they can visit the [Go! Media Player](#), then enter their PIN code to securely begin the lesson and start learning. It's that easy! Each lesson has a different PIN to help you organise your lessons.

Share Lesson

Share this lesson with the following unique access code. Your class can use this code to access all the resources in your lesson.

A A 2 2 2 2

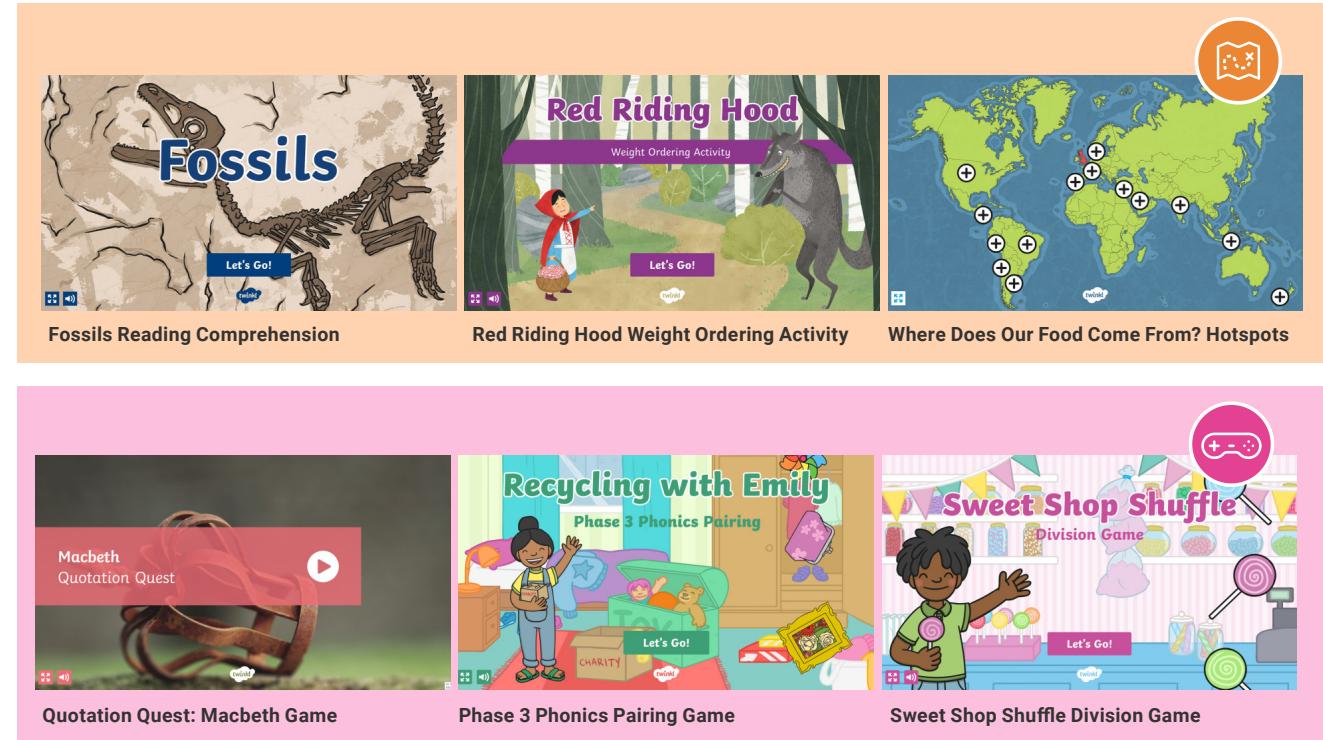

Copy Code

A growing source of inspiration

More and more resources added monthly

Each month, you'll access at least 30 new resources via the Go! Media player. These are all exciting additions to the current collection of resources, including brand-new resource types that will stretch the possibilities of learning with technology.

Check Twinkl Go! regularly to discover what's new and be first to use the latest resources in digital learning!

Even more, coming soon!

Watch this space – lots more planned!

There's even more exciting new Twinkl Go! developments coming soon. We're already working on Go! Media Player version 2 for release in early 2019, with lots of exciting additions in functionality planned – all designed to Help Those Who Teach!

Augmented Reality

Be amazed! Watch learning come to life.

Twinkl already pioneers the use of amazing Augmented Reality (AR) technology throughout our Originals books and resources, and you can access these via a link to our AR app on the Go! Media Player.

To watch our stories and AR materials spring to life, bringing an entirely new and interactive dimension to Twinkl Go!, download the FREE Twinkl AR app – simply click the link in the player or use the links below.

Download the FREE AR app

Download our **FREE** Twinkl AR app from the App Store or on Google Play to see AR in action yourself.
