LONDON

Activities for children and young people

Inclusion rating

This year each of our activities will have a coloured rating of what level of support they can provide for their participants. If you/your young person needs additional support, please use the guide below to better identify what level of support activities can provide. If unsure, please contact the provider for more information.

Key: Inclusion

- **Blue rating:** Sessions are open to all, and we can support individuals needing some additional assistance and adapt the activity accordingly, while expecting independent participation for most of the activity.
- **Green rating:** Session are open to all, and we can provide support to individuals with higher levels of need, although one-to-one support is not available. We strive to make reasonable accommodations to foster inclusivity.
- **Yellow rating:** The activity is designed to offer tailored support to individuals with high levels of need.
